EDUCATION AND MORE:

As a self-taught photographer, I worked as a weekly contributor to the L.A. READER magazine where I photographed over 25 stories. I was also published locally and nationally in Womans Magazine, Outdoor Travel, Science of Mind Magazine and Music Connection Magazine and was a finalist in Photographer's Forum Magazine. I traveled and studied "The Nature of Light" with teacher/photographer Stephen Ramsey with his photo intensives in Denver, Kauai and the Greek Isles.
